

# ARABLE SHAKAERATOR - RIGID

Working Width 2.5m (8' 2"), 3.0m (8' 2"), 3.7m (9' 10"), 4.5m (14' 7")

# McCONEL CULTIVATION

## Machine Features

- » 2.5m, 3.0m, 3.7m and 4.5m Working widths
- » Three-point linkage-mounting
- » Unique vibration action
- » Choice of leg configuration
- » Shear bolt protection
- » Choice of replaceable leg points
- » Choice of rear attachments
- » Deep soil conditioning
- » Relieves soil compaction
- » Improves drainage
- » Increases crop yield

## Markets

- » Agricultural
- » Contractors

## Tractor Requirements

- » 120hp minimum tractor horse power (dependent on model)

» Three point linkage kit

» Soil conditioning

Description	2.5m	3.0m	3.7m	4.5m
Cutting width (m)	2.5 (8' 2")	3.0 (9' 10")	3.7 (12' 2")	4.5 (14' 7")
HP requirement	60 / 140	100 / 180	180 / 220	180 / 260
Weight (kg)	Roller dependent	Roller dependent	Roller dependent	Roller dependent
Attachment	3 - point	3 - point	3 - point	3 - point
Replaceable Euroshin	Standard	Standard	Standard	Standard
Replaceable Europoint	Standard	Standard	Standard	Standard
Transport width (m)	2.75	3.25	3.95	4.75
Transport height (m)	1.8	1.8	1.8	1.8
Leg options	3, 5, 7	5, 7, 9	9, 11	9, 11, 13
Leg length (mm)	600	600	600	600
Packer roller	Optional	Optional	Optional	Optional
Three point linkage kit	Optional	Optional	Optional	Optional
Grassland disc assembly	Optional	Optional	Optional	Optional
